

Rhythm Cards

Set #2

- Quarter Notes
- Quarter Rests
- Eighth Notes

How to use:

- 1) Print rhythm pages onto cardstock
- 2) Cut in half, along the center line
- 3) Place in correct order and use!

- Teach how to say and clap the musical notation as students read through the cards as a whole class
- Discuss which beat each note/rest falls on
- After students get a sense of how to read the cards, have them "hear the rhythm in their head". When they are ready, they can put a thumbs up on their chest. Once most of the class is ready, perform each card as a whole class.

Quarter Note =  = 1 beat (of sound) = "ta"

Quarter Rest =  = 1 beat (of silence) = "rest"

Eighth Notes =  = 1/2 beat (of sound) = "ti-ti"
